13th Annual Oxford Bone Infection Conference

Welcome to OBIC 2026!

We are happy to announce the 13th Annual Oxford Bone Infection Conference which will take place on 13-14 April 2026 at the Examination Schools in the beautiful city of Oxford.

Audience

The underlying principle of OBIC is multi-disciplinary working. We invite all grades of orthopaedic and trauma surgeons, plastic surgeons, infection specialists, microbiologists, nursing and therapy staff and researchers to attend.

Programme

Internationally renowned speakers will deliver state-of-the-art talks, including the prestigious Cierny-Mader lecture which is invited each year to honour 'excellence and innovation in the multidisciplinary management of bone and joint infection'. The programme will include lectures, workshops and interactive sessions.

Abstract submission

The abstract submission opens in October 2025. More information will be available on the website.

Programme Topics

- Where next with microbiological diagnostics?
- Equitable access to services
- Implants: Which? Why? Where? When?
- Little people little bones: paediatric BJI
- Big people little bones: the extremities
- Ailerons, rudders and propellers
- Spines
- Incremental gains in infection prevention
- Research: directions and opportunities
- Interactive Workshops
